ABOUT

Oldani Brothers is a family owned silver and pewtersmith. All of our products are proudly made in the USA. Our master craftsmen trace their lineage to the famed Preisner Pewter Company and have been creating beautiful sterling silver and pewter trophies and giftware for over 70 years.

Choose from our select designs of the most talented silversmiths of the past century or work with our designers to create the perfect custom award for your tournament, event, or championship.

OUR WORKSHOP

Our craftsmen use time-honored hand spinning techniques to shape the body of each piece on a high-speed lathe. Handles, ingots, and small figurines are cast using hand-sculpted models and affixed with care at our soldering station.

The modern precision of our in-house diamond-tipped, digital engraver aesthetically matches the art of hand engraving in custom prints and designs. Finally, our polishers add the beautiful shine that brings each piece to life.
